14/03/2009 – 14/02/2010

New acquisitions in a dialogue with Julia Bornefeld, Michael Fliri, Elisabeth Hölzl, Francesco Jodice, Valentina Sartori, Peter Senoner & columbosnext

Museion wants to be a dynamic laboratory for contemporary culture, by choosing – independently from its geographic collocation – to reach beyond contemporary art mainstream circuit.

The exhibition sets the accent on photographic work, and in the meantime it also shows the recently acquired installations.

*Opening: 13/03/2009*

**The artists** Santu Mofokeng, William Kentridge and Zanele Muholi, The Atlas Group / Walid Raad, and Mirosław Balka, Luis Jacob, Matti Braun, Olivier Menanteau, Eleanor Antin, Elke Krystufek, Werner Gasser, Karl Unterfrauner and Hans Knapp, Julia Bornefeld, Michael Fliri, Elisabeth Hölzl, Francesco Jodice, Valentina Sartori and Peter Senoner together with columbosnext (Innsbruck).
