

CHRISTIAN NICCOLI UNTITLED #1

13, 20, 27 & 29/06/2012

10pm - midnight, Media Façade, projection

„Untitled #1“ (ohne Titel) by Christian Niccoli, was filmed in 2009 and adapted for the Museion Media Façade. The artist uses a high.-speed camera to film a free-fall. The video is enlarged and slowed down on the media façade, giving the impression of an unsettling endless and pointless drop in which the only fixed point is the Museion architectural structure.
