

OPENING ROSEMARIE TROCKEL "FLAGRANT DELIGHT"

01/02/13, 7.00 p.m.

Museion opens its 2013 exhibition season with a solo show of one of the most important artists of our time: Rosemarie Trockel. From the famous knitted paintings to ceramics, sculptures and collages, the artist's vibrant, multifaceted oeuvre is showcased in more than 80 works from public and private collections in the exhibition "Flagrant Delight" (from 2 February to 1 May 2013). The title alludes to the German artist's sensual yet caustic and penetrating vision.
