

WERNER GASSER: TO BE CONTINUED 2

01/09/2015 - 30/06/2016

The delicate frailty of a rose, the greatness of the Dolomites, tourists in front of a Botticelli painting, the streets of Chicago, a beach in the Baltic Sea, the intimacy of a coffee table in a private living room in Berlin, an old hotel room in Bombay: these are the images that Werner Gasser has chosen for the postcards of his project „to be continued_2“.

The project can be seen at six different art and cultural institutions across South Tyrol. At Museion in our book shop, visitors will find four different limited edition postcards to choose from, all free of charge.
