

PETER FELLIN, MEDITATIONS

Opening: 21/05/2020, 11 am
22/05/2020 - 31/10/2020

Museion and the Hofburg Brixen Diocesan Museum pay tribute to the artist Peter Fellin (b. Revò 1920, d. Merano, 1999) on the hundredth anniversary of his birth. The exhibition operates as a dialogue between a number of Fellin's works from the Museion Collection and other works from the Diocesan Museum Collection. The point at which the work of the artist meets religious art is its contemplation of the "final vestiges" of human life, such as death, judgement and eternity. In this sense, the paintings and installations on show have been chosen to indicate the important phases in Peter Fellin's oeuvre: the Schreiber (Scribes), the Evangelisten (Evangelists), the Schriften (Writings) and the Meditationsbilder (Meditative Works). These works interact with medieval sculptures, devotional images, manuscripts and fragments of a fresco by Paul Troger.
